Hope Chest for Breast Cancer Foundation to Host Annual Wine & Dine for Hope Event to Raise Critical Funds for Minnesota Breast Cancer Patients

MINNEAPOLIS, MN - Each year, nearly 4,800 women in Minnesota are diagnosed with breast cancer. For many, the path to healing is not only emotional and physical—but financially overwhelming. That's where the Hope Chest for Breast Cancer Foundation steps in to help.

Founded in 2001, the Hope Chest Foundation has spent the past 24 years providing urgent, non-medical support to breast cancer patients across Minnesota. From housing assistance and groceries to transportation utilities, and child or adult care, the Foundation helps relieve the financial burdens that often accompany a breast cancer diagnosis.

On **November 5, 2025**, the Foundation will once again host its signature **Wine & Dine for Hope** event at the Four Seasons Hotel Minneapolis. This elegant evening will feature a multi-course, chef-curated dinner paired with fine wines—and annual highlight for donors, partners, and guests. This intimate evening includes culinary delights, wine pours, silent and live auctions, raffle, a digital photo opportunity, wine and spirits pull, breast cancer patient stories, returning high-energy auctioneer Karen Sorbo, and more!

October is Breast Cancer Awareness Month and brings to light the many people battling this disease where approximately 13% (one in eight) of U.S. women will develop invasive breast cancer in the course of their life. Receiving the words, “You have breast cancer,” can bring worry and stress to the patient, their family, and friends. The Hope Chest Foundation helps with some of the non-medical burdens by providing grants to cover their mortgage or rent, pay for a month of groceries or the utility bills, provide transportation help, and alleviate adult/childcare costs.

As a recent patient wrote to us – “I’m so grateful for the gift! I’m actually pretty speechless at the moment and filled with appreciation and absolute joy! I’m not the type of person who wins things and now I feel like the Universe just granted me a pot of lottery gold! Thank you for your support in my healing journey.”
